PRESENTATION

I am Caterina. Triestina of birth but citizen of the world. I currently live in Luxembourg but I also lived in Spain, a land that I love and that I consider my second home. A lover of travel, of books and of worldly events, I always juggle thousands of adventures to discover new countries and new stories. Open to the challenges I am running for the new board to bring a breath of innovation, freshness and spontaneity.

PROGRAM

I've decided to applying for the new council because I firmly believe in MIB spirit and in the potential that the Alumni Association can bring to MIB and its prestige, now recognized worldwide. The

main points I would like to implement and develop are:

- Implementation of a job posting platform where new recruits and old pupils can post and search for jobs
- broaden the opportunities for "spread the voice" alumni in relation to their experience, by launching a voluntary initiative, I would like to see old alumni have the opportunity to offer support to students (not only in study but also in aptitude for courses)
- creation and publication of anniversaries with the possibility to insert comments by the alumni and their location
