Reunion 2019-May 18-19th

- 1. Speakers-Alumni Sharing Stories:** The reunion will open with a session of sharing experiences dedicated to the alumni celebrating 5, 10, 15, 20, 25 years from graduation at MIB. As announced in the previous meeting, this year we will present this session as an interview (questions/answers) in order to make it more interactive. The 10 speakers will be divided in two groups, and Dorina will ask them various questions.
- 2. General Assembly.** The Assembly will begin with presenting the novelty of this year Reunion: a charity initiative promoted by the MBA 29 class. Two MBA 29 students will present their project and will provide the audience with Bank details for eventual money transfer in favour of the NGO CO.P.E.
Then Maria will briefly present the activities done by the association during the last year, while at the end we will have everyone present take a 5 questions mentimeter survey “live”, in order to gather some feedback useful to better plan future activities.
- 3. Round Table on Circular Economy.** Everything ready and settled for the round table, we have three speakers that confirmed their presence: Pranvera Leka, Franco Scolari and Edi Kraus. Paula, the moderator of the Round Table is in contact with them for having their presentations in advance.
- 4. Gala Dinner and Sunday Activities:** The dinner will be held at Trattoria al Faro. It is a beautiful place with sea view and above all a very good cuisine. We will call them a week before for the final number. We also need to wait another week before knowing the final number of the guided tour of Miramare castle, while for the golf Dorina will get in touch with Carlo to understand if everything is ready.

The meeting ends at 9.30 p.m.

Secretary and Chairman,
Dorina Stanculescu
