

Daniele Chiesurin

EMBA 20

Purchasing Manager of Volpato Industrie Spa

<https://www.linkedin.com/in/daniele-chiesurin>

about me: Mechanical engineer with a vocation for the world of Planning, Production and Purchasing, essentially the world of Operations. I consider myself a facilitator of things, I like to fix things. I consider the two years of EMBA to be one of the best experiences of my life

My Program:

1. Creation of a **professional network** among all members of the Alumni community for **sharing** experiences, contacts and business opportunities
2. Encourage the organization of **periodic events** by the Alumni with the presence of experts from certain fields to discuss and share opinions on specific topics previously chosen.
3. Creation of a **charity event** to raise funds for scientific research ... *“the big Alumni family united for important goals”*;
4. **Traveling reunion** in Italy (e.g. Trieste, Milan, Rome, etc.) in the three years of mandate and at the same time **live streaming** of an **event in the world** where there is an important concentration of Alumni
