## Imagine.

---

I imagine an Association **OPEN** to the outside world, a meeting point *between Alumni* but also *with Alumni and for Alumni*, as an opportunity for **EXCHANGE** with professionals inside and outside the MIB as well as a **PROMOTIONAL TOOL** for the School even with students. I imagine a less georeferenced School.

## Do.

---

I want an **ACTIVE**, fun, engaging diverse and **INCLUSIVE** Association in which making useful acquaintances and increasing one's knowledge through effective **NETWORKING** and simultaneously **EDUCATIONAL EVENTS**. I want it to be present on **SOCIAL NETWORKS**.

## Make a difference.

---

Let's build an Association that can **CHANGE CAREERS**, lives, make a difference! I dream an Association that builds **REPUTATION** and **TRUST** for the School, **PRIDE** for the Alumni.

«A bold and effective Association, out of the box!»
