#### **1. Reunion 2023: official date, speakers and high-level agenda**

The dates scheduled for the event are October 14-15, and it is necessary to announce it officially on social media channels. The umbrella topic for the event is "New Era," which will encompass discussions on AI and new technologies. Further details regarding the topic need to be defined.

The event will consist of two speakers and will commence, ideally, at 14:00. Additionally, this year, the Business Corners will receive increased visibility. Taking into account the lessons learned from the previous reunion, the submission form will be sent out earlier.

Gabriela proposed that each participant presents a brief e-presentation of their business through a recorded social media introduction that would be made available to all attendees.

Gonzalo informed the board about a potential AI event in collaboration with SISSA and suggested scouting of one speaker.

The dinner, party, and leisure activities for Sunday were open for discussion. Proposed venues include Tre Merli, Puro, Spiller, and Loft. Gonzalo will be responsible for organizing the traditional Golf Tournament on Sunday. Additionally, there is an idea to arrange a Sunday brunch.

Furthermore, the upcoming reunion will also serve as an opportunity for the election of a new board.

- ⇒ Gonzalo and Teodora have been assigned the task of coordinating with Valentina to align on the activities, timing, and agenda, particularly regarding the New Board Elections topics.
- ⇒ Gonzalo will also be in contact with the MIB Faculty to secure a speaker, specifically with Professor Tracogna.

#### **2. Reunion 2023: Communication**

The Communication team will promote the event information throughout the week as a "Save the Date" announcement.
