Initiatives I would like to promote (2023 – 2026)

I. Strengthen the Network platform Internationally

1. MIB REUNION / Trieste* (annual events)

* Maintain current activities and understand with the board 20-23 the points to be improved

** Support on fund raising activities for the organization of the Origini - All Editions Reunion

2. Local Chapters events (quarterly organized events)

Strengthen local chapters network in terms of concentration of alumni (i.e São Paulo, Buenos Aires, Cape Town etc.);

II. Periodic communication with the alumni

- Activities developed, aperitifs, business cases, entrepreneurship, courses and etc.

III. Give back

- Map level of involvement of members to identify opportunities of increasing engagement
- Invite, from a set of possibilities, members to increase their participation (become mentor of a student, help organize local events, involvement with partnered non-governmental organizations, etc.)
